Dated: 21st October 2014

TO WHOM IT MAY CONCERN

Gulab Devi Hospital was established in 1934, and since then serving the poor and indigent patients free of charge. Presently the hospital has 1500 indoor patients and approximately 1000 patients visit daily in Outdoor Department. The hospital is non-Government charity organization and is run by grant-in-aid from Government, Zakat from Provincial Zakat Council and donations in cash and kind from philanthropist donors.

The hospital is thankful to provincial Zakat Council who is providing a Zakat Fund amounting to Rs 12.000 Million. It helps us for the treatment of about 3000 Mustahqeen-e-Zakat patients of lung and heart diseases including angioplasties, open heart operations, lung operations etc. As the cost of treatment is increasing and we are receiving more and more of deserving patients we request that Zakat Fund to this hospital be increased.
